KATY RESIDENT AND BUSINESSWOMAN ANNOUNCES MERGER OF KATY CAB & LIMOUSINE WITH CAREY OF HOUSTON

Katy, Texas. Danielle Steel announced the completion of an agreement to merge her business, Katy Cab & Limousine, with Carey of Houston.

The merger brings the Katy based company together with one of Houston's first limousine companies. "I am excited that we are able to bring Carey's premium level of service to the Katy area. This merger is a great opportunity to grow the company and improve our capability for providing great service to customers in Katy." Said Steel, who founded Katy Cab & Limousine in 2003.

Carey of Houston, which was founded in the 1970's, is known for such innovations as the availability of wireless internet access in its vehicles and for the ability to offer chauffeured services in over 500 locations across the globe through the Carey franchise system. Chris Wolfington, CEO of CityCar Services, the parent company to Carey of Houston commented: "Danielle's company earned an excellent reputation in the Katy community and we want to build on that. The combination of Katy and Carey creates a single company with a world class fleet, the best training and technology in the business and one of the most experienced teams of people who are uniquely qualified to deliver the best service that you can find in Houston."

Ms. Steel will be joining the Carey of Houston team as Vice President of Sales and will be working to continue Carey's growth across the Houston area.
